One of the most drastic measures ever introduced in any legislature was offered in the Kentucky legislature at Frankfort last week. The bill is a blow aimed at the American Tobacco Company and should it become a law a great and thriving industry of the state would be swept out of existence. Should such a law be passed the largest purchasers of tobacco in the world would be shut out of Kentucky and the very person whom the bill is aimed to assist—the grower—would be the one most injured. It is not thought that it was ever seriously expected to have such a law passed but rather it is thought that the bill is to be used as a club to hold over the leaders of the tobacco companies to force them to buy the crops which have been pooled. In other words the bill is a part of the war between the growers and the trust, and is one of the steps which has been taken by the growers to fight or injure the trust. The war has been on for several years now, and there seems to be no present plan for a settlement that will be satisfactory to both sides. The American Tobacco Company has offered to buy 10,000,000 pounds of the Burley tobacco from the pool, but this was rejected because the association wanted the entire pool to be bought. The American Tobacco Company said it could not handle that large an amount of tobacco at the present time, and the negotiations are off, but there is a chance that they will be renewed. It is to be hoped that when the effects of such a proposed measure is fully realized that wise counsel will prevail and that the bill will never be allowed to see the light of day.

William Jennings Bryan undertook the task of breaking the deadlock in the Kentucky legislature on Tuesday by appearing before that body and pleading with those Democrats who are holding out against J. C. W. Beckham. The great Commoner pleaded eloquently and faithfully, but without any result for a vote taken after his speech failed to record any change in the status of the deadlock.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. You may have to hold it twenty or thirty minutes. "Made in a minute" says the doctor. "Health Coffee" is really the finest Coffee Substitute ever yet produced. Not a grain of real coffee in it either. Health Coffee Substitute is made from pure roasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. For sale by McElroy & Shader.

Bill McChord's Bill.
Frankfort, Ky., Jan. 20.—Another tobacco measure, which seeks to place the business under the police power of the State, was introduced in the House today by Representative of Washington county. Representative McChord, who is an eminent lawyer, is a member of the district board of the Kentucky Burley Growers' Association and one of the best informed tobacco men in Kentucky.

"Is bill entitled 'an act for the protection of the tobacco industry.' The business of the buying and selling of tobacco is placed under the State police power, similar to the regulations governing dairy products. The bill places the tobacco industry under the control of the Commissioner of

Agriculture, who is given inquisitorial powers to gather statistics. A license tax of ten cents a hoghead is fixed on all dealers who buy tobacco for the purpose of manufacture. Penalties are prescribed for all violations of the act.

An Assistant Commissioner of Agriculture is provided for, who shall have exclusive control of the tobacco industry. The measure is favored by the Society of Equity.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe that Dr. Shoop tells mothers everywhere to give it to their children. It cures the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to induce or suppress. Simply a soothing, pleasant, and healthy remedy. The Spaniards call this shrub which the doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. Red Cross Drug Store.

Ryan-Burnett Church Wed-
ding.

Dear Editor:

The following account of that
wedding will be of interest to
the bride's many friends of
Washington county:

Amid exceptionally pleasur-
ous surroundings the marriage of
Miss Lou Nett Burnett and Dan
Ryan was solemnized yesterday
at Holy Rosary Chapel on Har-
disburg fair banks.

The walls presented a picture
of tasteful floral arrangements,
while the altar was in American
Decorative with a background of
ferns and draperies of smilax,
and the railing was an effective
setting for a wreath of Chrys-
anthemums and asparagus fern. A
soft glow from the light
shines out from the light
stained glass panes. Loyal
patriotic decorations, on each
side and every seat was
filled to its capacity. At the
front notes of "Mendelssohn's
March," rendered by Miss
Valeria Cushman, a cousin of the
bride, the bridal party began its
ascent. Leading were the maid
of honor with the best man fol-
lowed by the bride and groom.
The bridal party was effectively
grouped by Rev. Peters the
performing minister, while a
sweet voice mused the melody
in F. of Thomas, other ap-
propriate selections being softly
played by the talented organist
meanwhile.

The bride, one of the fairest of
our neighborhood, was robed in
a princess gown of blue sat-
in trimmed with hatterberg and lat-
to match, her only ornament be-
ing a rich shower bouquet of
lilies of the Valley, with orange
blossoms.

The groom, Dan Ryan, of St.
Charles vicinity and a prominent
young farmer, was dressed in the
conventional black.

After the sweet ceremony the

couple repaired home where a
sumptuous repast of many
courses was served to the ad-
mirers and friends of the happy
couple.

May their life's journey be a
happy one. A FRIEND

Died in Louisville

The remains of Miss Ida Kim-
berlin who died in Louisville
last week arrived here Saturday
and were taken to Bethlehem
for burial. The deceased was
about 20 years of age and died
of consumption. She was a
daughter of Mr. C. W. Kimberlin
who moved from the Texas
neighborhood to Louisville about
ten years ago.

Death of Sweeney Hagan

Sweeney Hagan, son of Mrs.
Teresa Hagan, died at his home
here Monday morning after a
long illness of tuberculosis. He
was 20 years of age and was a
young man who was popular
with all. A little over a year
ago he went to Colorado in the
hope of regaining his health but
nothing appeared to be a time
nothing apparently could stay
the ravages of the disease and
he returned home last fall and
had gradually grown worse until
the end came. He was a son of
Mr. John Hagan a prominent
citizen of the county and who
has been dead about 10 years.
Besides his mother he is sur-
vived by a sister Miss Margaret
Hagan and a brother Mr. C. W.
Hagan who is connected with
the Lebanon Grocery Co.

Death in Hardin County.

Mrs. Sue W. Knott of this
county, received the sad intel-
gence of the death last night in
Hardin county of her father.
The Elizabethtown News in
publishing a notice of the death
has the following:

"Mr. James A. Kinkead who
has resided for fifty years cor-
porately and prominently in
the affairs of Hardin county, died
at his home about six miles from
Elizabethtown Wednesday after-
noon from the grippe, which af-
fected his heart."

Mr. Kinkead was in the seven-
ty second year of his age and
was born and raised in Hardin
county. He served the county
one term as Deputy Sheriff and
was for a quarter of a century
County Surveyor and knew more
about the location of places and
lines of survey than any man in
the county. At various times
he served on the County Board
of Equalization and was regarded
as authority on the value of
lands. He was the first Secre-
tary of the Hardin County Fair
Association and was continuous-
ly a director from its organiza-
tion up to his death.
